and Necessity No. 9714-A Along with a)	
Request for Tariff Revisions)	

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of the Office of Regulatory Staff (ORS) for additional time to complete its investigation of the present Application of Dowdy Five Star Moving & Storage, Inc. (Dowdy Five Star) for an amendment to Class E Certificate of Public Convenience and Necessity No. 9714-A and for tariff revisions.

On April 30, 2008, the ORS filed a request with the Commission to postpone action on the Application of Dowdy Five Star to allow ORS an opportunity to investigate the Application. The Commission granted ORS' request and upon completion of its investigation, ORS was to report its recommendation of disposition of the Application to the Commission no later than June 20, 2008.¹

By letter filed June 16, 2008, the ORS seeks an extension until July 3, 2008, to complete an audit and impact study of Dowdy Five Star's Application. According to ORS, Dowdy Five Star is in the process of collecting the documentation and information

necessary for ORS's investigation. ORS asserts the additional time is needed in order to allow Dowdy Five Star to collect and provide the necessary information to ORS and to allow ORS adequate time to complete its review.

We have examined this matter, and find that holding a ruling on the Application over for a brief time so that ORS can investigate is in the public interest and should be granted. Accordingly, ORS has until July 3, 2008, to investigate this Application. The ORS should complete its investigation and make a recommendation concerning disposition of this matter as soon as possible, but no later than July 3, 2008.

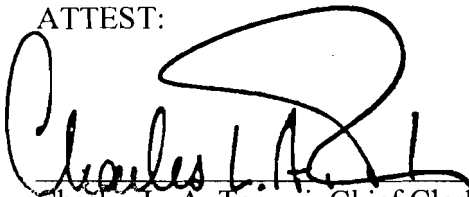

This Order shall remain in full force and effect until further order of the Commission.
